FOODWASTE

So delicious – and still something left over? Despite accurate costing, leftover food cannot always be avoided. In this case, we offer you various options:

Enjoy delicious remains thanks to FLORIS' sustainable leftovers box

Set a visible example with your event and support the federal initiative against food waste together with us. Pack leftover food in the Beste Reste Box and continue to enjoy it at home.

More info: www.floris-catering.de/kopie-vermeidung-von-lebensmittelabfaellen

Donate leftover food

... because shared enjoyment is double the pleasure!

FLORIS works together with the Berliner Tafel e.V. and the Foodsharing e.V. initiative, among others. Any leftovers will be collected from the venue and donated in return for a donation receipt.

ABOUT US

Individual, reliable, creative, flexible and personal – this is how premium catering has to be today

Our cuisine

It is our passion to offer you the cuisine that suits you, your ideas and your event: Light, healthy, modern, but also down-to-earth. And always premium. Just according to your taste.

Our ingredients

In order to meet our – and your – demands, we design each menu and each buffet individually and prepare it lovingly and as far as possible seasonally. Equally important to us is the careful selection of suppliers and partners from the region whose ingredients we source.

Our Green Catering

For more than 10 years now, we have been organizing our business in a sustainable, socially responsible and fair manner. This makes us one of the first caterers in Germany with a "Green Catering" offer. We are proud of it!
